

Pick your Poison: Gin & Juice Cocktail

**“Sippin’ on gin and juice,
laid back (with my mind on my
money and my money on my
mind)”**

Golly gosh, I sound so down with the children isn't it?

Totally gangster and shizzle.

Oh, who am I kidding? I don't really 'do' rap music but I couldn't write a cocktail post about Gin and Juice without referencing the Snoop Dogg Classic now could I?

I have no idea what the Gin and Juice is that Snoop refers to (hopefully it's not code for something else!) but I thought I would make up my own Gin and Juice recipe as a little weekend pick me up.

Fruity, zingy and refreshing; this cocktail is made with just a few ingredients that you will all be able to lay your hands on easily.

Here goes!

Ingredients

(Makes 1 Jam Jar Cocktail)

50ml Gin

25ml Elderflower Cordial

100ml Still Lemonade

1 heaped teaspoon of Strawberry Jam

Cubed Ice (for shaker and more to serve)

Method

Place some ice cubes in a cocktail shaker.

Add gin, elderflower cordial, Strawberry jam and Still Lemonade.

Shake very vigorously for 30/40 seconds - ensure the jam is incorporated.

Add some ice cubes to a Jam Jar Glass (or a serving glass of your choice).

Strain the liquid out of the cocktail shaker, over the ice, into your serving glass.

Pop in a straw and serve.

Enjoy Knutters!
