

## Deer with a beer: Day 18

Another day, another hot tub full of chocolate...but this time, with more than just a beer for company.

(Cor blimey!)

(Please excuse the angle of the deer head – oh god that sounded wrong in itself...bloody hell – anyway, I'm crap at photoshop on a phone and this is the best I could do. Besides, Ruby looks happy...munching on a strawberry cream. I've done it again haven't it. I blame the festive 'end of term' Gin...)
