

Pancake Pictures...

For goodness sake.

All day I've seen articles (NETMUMS!!), had emails, Pinterest suggestions and news stories on amazing pancake designs.

Here's a few of them...

WTF?! How? Why?

Don't get me wrong, they're all amazing (and I'm just bitterly jealous I'm utterly crap at baking/cooking) but seriously, do these people not have other things to be getting on with?!

The closest my kids will be getting to Peppa Pig pancakes are these...

Mmmm...bacon Pancakes ☐

Good luck to you all in your quest for pancake perfection this evening.

May the force be with you.

How my pancakes will probably look...
